Nu-Line Releases New Catalog

Hamilton, Ontario, Canada (January 2, 2020)

Nu-Line has released its 2020 product catalog featuring a comprehensive line of top-quality spray suppression products. The new catalog is available online and in a traditional printed version.

The catalog features our new Dark Knight Fenders. These products are manufactured using a process that adheres titanium metal to the surface of the fender. The coating is scratch resistant, built to last and creates a unique look for trucks.

Nu-Line is the Spray Suppression Leader in North America. With a full line of products to fit all major manufacturers trucks and trailers, you can count on Nu-Line for unparalleled quality and exceptional value. Nu-Line is a Marmon Highway/Berkshire Hathaway company.
