Nu-Line Launches New Low Rider Fenders

Hamilton, Ontario, Canada (September 6, 2021)

Nu-Line is pleased to announce the addition of Low Rider fenders to their product offering. The new fenders feature an extended front drop that creates a unique custom look for trucks. They are manufactured of 16-gauge stainless steel and available with 31" and 35.5" drop lengths. The new fenders will carry Nu-Line's standard one year warranty.

Nu-Line is the Spray Suppression Leader in North America. With a full line of products to fit all major manufacturers trucks and trailers, you can count on Nu-Line for unparalleled quality and exceptional value. Nu-Line is a Marmon Highway/Berkshire Hathaway company.
